

Top And Side Hung For Friction Hinge And Side Hung For Butt Hinged With Economy Frame

All dimensions measured in millimetres

Both The Friction and the Butt hinged units use fitted catches

With the Friction hinge you can have either side hung or top hung and the maximum size for a Friction hinge is 650mm wide x 1250mm high

With the Butt Hinge you can only have the side hung option but the maximum size you can have with a Butt hinge is 800mm wide x 2100mm high and also you can have a double Butt hinge for the wider opening.

With the double Butt hinge unit you have one panel which opens by the fitch catch and the second panel is locked using shootbolts (as per French Doors)
